815TH HOSPITAL CENTER  
APO 751

Bremerhaven, Germany  
October 29, 1945

To the Personnel of the 348th Station Hospital:

I should like to take this opportunity of expressing my appreciation for the signal contribution of expressing to the successful prosecution of this war, through the medium of your loyal cooperation and untiring efforts during the period of your affiliation with the 348th Station Hospital.

Whatever success this unit has achieved in accomplishing its' mission, is largely due to that fine spirit of teamwork which so characterized its' functioning throughout three years of existence.

Your faithful support has made an otherwise difficult task for me, a most pleasant experience.

Gratefully yours,

Stuart D Sunday

*Since the activation of the 78th General Hospital at Camp White, Medford, Oregon, in August 1942, the Personnel Department of the unit has faithfully kept a record of the address of each member of the unit. It is through this tireless effort that this booklet is made available.*

*The booklet consists of the names and addresses of all persons who were members of the 78th General and 348th Station Hospitals from August 1942 until August 1945, when the organization took up its final duties as an occupational unit in the defeated German Reich.*

*The short condensed history in the back of this Booklet, was written by the individuals to whom this booklet is dedicated. It was through their ceaseless efforts that the accomplishments of their organization helped to defeat the enemy and bring the world's greatest war to an end. Their comradeship shall always be remembered and it is hoped that the contents of this booklet will help to keep alive friendships made throughout the past difficult three years.*
